

# FEDERAL EMERGENCY MANAGEMENT AGENCY

## Our Mission

"To reduce the loss of life and property and protect the nation from all hazards, including natural disasters, acts of terrorism, and other man-made disasters, by leading and supporting the Nation in a risk-based, comprehensive emergency management system of preparedness, protection, response, recovery, and mitigation"

# The Nation's New Direction

## Presidential Policy Directive 8

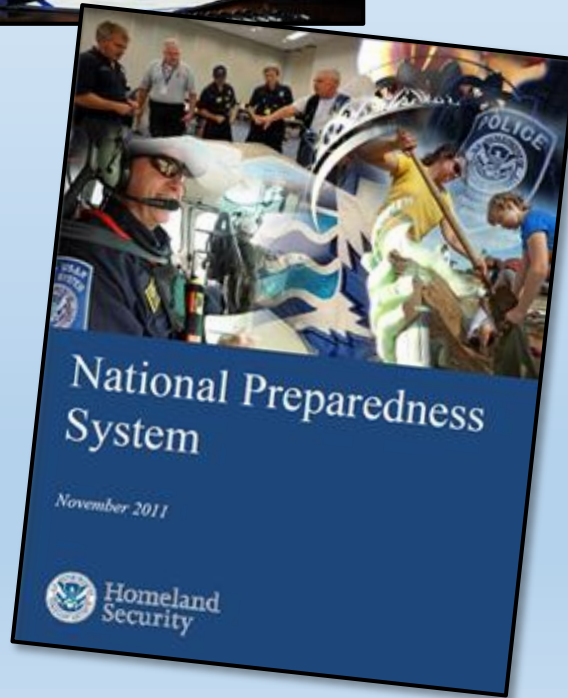

### The National Preparedness System

**Goal** – *“Strengthening the security and resilience of the U.S. through preparation for the threats that pose the greatest risk to the security of the nation.”*

#### Components:

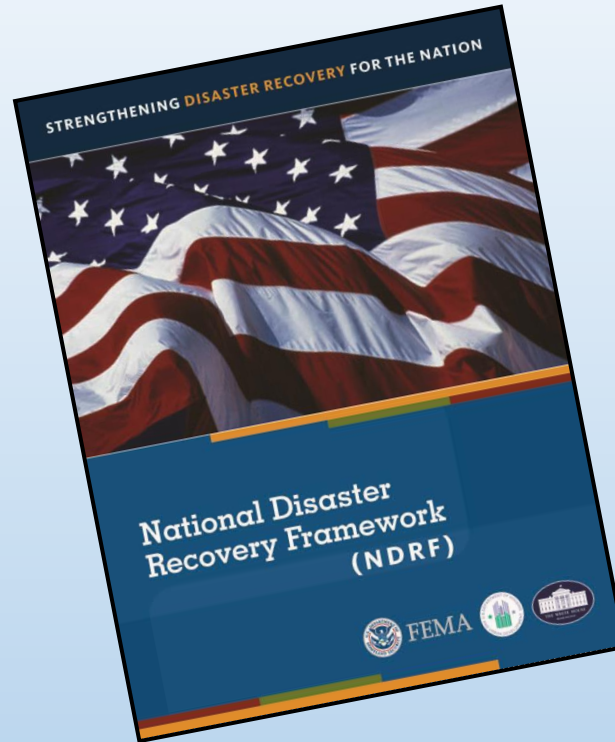

- National Preparedness Goal
- National Preparedness Report
- National Planning Frameworks (Core Capabilities)
  - Prevention
  - Protection
  - Response
  - Recovery (NRF)
  - Recovery (NDRF)

# National Disaster Recovery Framework (NDRF)

2<sup>nd</sup> Edition

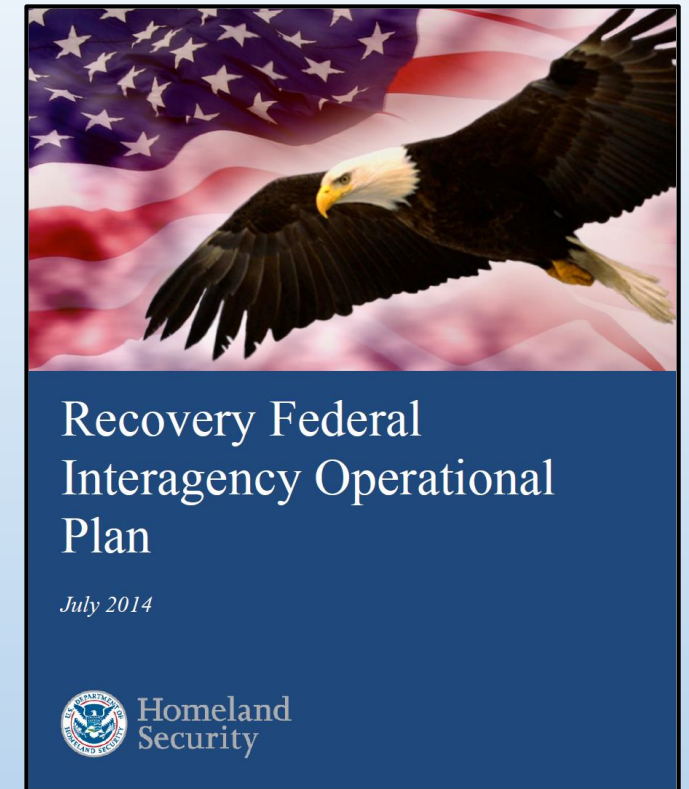

US Army Corps  
of Engineers®

- Strategic document on how to restore, redevelop, and revitalize the health, social, economic, natural and environmental fabric of the community
- Roles and Responsibilities
- Ensuring inclusion of Whole Community
- Government (federal, state/tribal, territorial, local)
- **Recovery Support Functions (RSF)** are the coordinating structure that brings together the knowledge, experience, skills, and resources of Federal agencies and supporting organizations to focus on recovery issues and needs

# Recovery - Federal Interagency Operational Plan (R-FIOP)

- Describes how Federal Government delivers eight Recovery Core Capabilities to support states, tribes, territorial & local governments impacted by disaster
  - Operational Coordination
  - Planning
  - Public Information & Warning
  - Economic Recovery
  - Health & Social Services
  - Housing
  - Infrastructure Systems
  - Natural & Cultural Resources
- Identifies existing Federal authorities, resources, programs and processes that can support disaster recovery
- Provides flexible and scalable structures and processes for large Stafford Act events as well as incidents that do not receive a declaration but require Federal support
- Federal agencies will develop and maintain department-level operational plans to deliver capabilities to fulfill responsibilities under the NDRF and this FIOP

# Way Forward

- Use networks such as Partnership for Sustainable Communities (PSC) to build inter-agency capabilities and capacities to support communities
  - Federally declared disasters
    - Through NDRF Recovery Support Function (RSF) Workgroups
  - Non-Stafford Act events
    - Flint, Ebola, unaccompanied children, drought
  - Steady State initiatives
    - Place-based, agency specific
